

A FEW OF OUR CUSTOMERS

ELDORADO NATIONAL

Mid-Size Transit Bus Manufacturer

We provide numerous parts, varying from simple, lasered-only parts to complex sub-weldments. Eldorado also takes advantage of our parts stocking program.

ALTEC

Utility Truck Manufacturer

Our ability to provide a wide range of processes, including powder coating and assembly, allows Altec to directly install while the trucks are on the assembly line.

OUR STORY

SIMPLE COMPONENTS TO COMPLEX ASSEMBLY

Whether you need one or thousands of parts, Kasa Fab expertly builds your components. Other companies, similar to yours, rely on Kasa Fab to help them remain competitive.

Along with simple component manufacturing, Kasa Fab also offers complex assembly. Many OEMs take advantage of our reverse engineering, controls design, panel build, installation, skid fabrication, assembly, and factory automation and testing. We'll even ship directly to your customers.

IMPROVING YOUR BUSINESS

You're always looking for ways to improve your business. And so are we. With a parts stocking program (kanban), bar coding, digital purchase orders and invoices, you can spend more time focusing on your core business.

With our friendly customer service staff and dedicated account representatives, your order is handled promptly and efficiently.

WE'VE BEEN AROUND AWHILE

Kasa Fab has been bending, braking, punching, cutting welding and finishing tons of metal for our customers since 1988.

In 2002, Kasa Fab moved into the former location of Eldorado National, the largest producer of mid-sized buses. So when we say our paint booths are large enough to paint a bus – we aren't kidding.

METAL FABRICATION

MILD STEEL | STAINLESS STEEL | ALUMINUM | GALVANIZED STEEL

LASERS

- Amada FO-4020 4000 Watt 80" x 160"
- Amada FO-3015NT 4000 Watt 60" x 120" with Automation
- Amada FO-3015NT 4000 Watt 60" x 120" with Automation
- Amada LCF1-3015NT 4000 Watt 60" x 120"
 - 3/4" Mild Steel Max.
 - 3/8" Stainless Max.
 - 5/16" Aluminum Max.

PLASMA

- Hypertherm High-Def Plasma with True Hole™ Technology
 - 2" Mild Steel Max.
 - 1 3/4" Stainless Max.
 - 1 1/2" Aluminum Max.

POWDER AND LIQUID PAINT SYSTEM

- Batch Powder Paint System - 10'W x 22'L x 8'H
- Liquid Spray Paint Booth - 12'W x 35'L x 13'H
- Liquid Spray/Bake Paint Booth - 12'W x 26'L x 13'H
- Liquid HVLP and Airless Paint Spray Systems
- Nordson Encore Powder Spray System

REVERSE ENGINEERING

- Virtek Laser

PRESS BRAKES

- 14' Accurpress 320 Ton
- 10' Durma 150 Ton
- 10' Cincinatti 135 Ton
- 8' Promecam 35 Ton
- 6' Accurpress 60 Ton
- 6' Accurpress 60 Ton

With a 100,000 sq. ft. metal fabrication and paint facility, your small and large lot production is delivered on time while meeting your quality standards.

We work in the industries of oil and gas, transportation, agriculture and plastics, offering component manufacturing to complex assembly, including delivery to your location.

We have implemented Lean manufacturing with single piece flow, offering quality at the source.

SOFTWARE

- Solid Works
- MTC "Pronest" Nesting Software
- AutoCAD
- RADAN Radbend

WELDERS

- Robot Welder
- MigWire Welders
- Heliarc/Tig

SAWS

- Vertical Tilt-Frame Production Band Saw
 - 18" Horizontal, 22" Vertical @ 90
 - 18" Horizontal, 15" Vertical @ 45 (Left Miter)
 - 18" Horizontal, 14" Vertical @ 45 (Right Miter)
- Circular Cold Saw

ROLL AND PUNCH MACHINES

- Roll Machines
- Single Punch Machine
- Turret Punch 1/4" Amada Vipros 357 45 Station with 4 Auto-Index - 12-gauge thickness

SHEAR

- Accushear 12' x 3/8" Steel with CNC Backstop

OTHER

- Pem Setter
- 5 Ton Bridge Cranes
